THE DIET INDUSTRY GOT FAT. THIS BOOK GOT SKINNY.

You'll never count a calorie. You'll count to 32 instead.

Six easy numbers replace the diet: chews, hours, steps, minutes of morning light, glasses of water, and nights of sleep.

A 12-week Count Log is built right into the book, so every page you fill is proof you showed up.

No food scale. No forbidden foods. Nothing to buy. If you can count to 32, you can do this.
